the international committee of the red cross icrc has a complex position in international relations being the guardian of international humanitarian law but often acting discretely to advance human dignity treated by most governments as if it were an inter governmental organization the icrc is a non governmental organization all swiss at the top and it is given rights and duties in the 1949 geneva conventions for victims of war written by two formidable experts in the field this book analyzes international humanitarian action as practiced by the international red cross explaining its history and structure as well as examining contemporary field experience and broad diplomatic initiatives related to its principal tasks such tasks include ensuring that detention conditions are humane for those imprisoned by reason of political conflict or war providing material and moral relief in conflict promoting development of the humanitarian part of the laws of war improving the unity and effectiveness of the movement fully updated throughout the new edition will also include brand new material on armed actors who do not accept humanitarian restrictions on their actions including expanded coverage of the islamic state isil isis al shabab and boko haram among others syrian internationalized civil war issue of drone strikes and targeted killings and the continuing push for regulation of what is called cyber war the question of the field of application of international humanitarian law what is the battlefield particularly when states declare war on terrorist groups operating inside other states regulation of new weapons and new uses of old weapons

since its establishment the un s peacebuilding architecture pba has been involved in peacebuilding processes in more than 20 countries this edited volume takes stock of the overall impact of the pba during its first decade in existence and generates innovative recommendations for how the architecture can be modified and utilized to create more synergy and fusion between the un s peace and development work the volume is based on commissioned research and independent evaluations as well as informed opinions of several key decision makers closely engaged in shaping the un s peacebuilding agenda it seeks to find a balance between identifying the reality and constraints of the un s multilateral framework while being bold in exploring new and innovative ways in which the un can enhance the results of its peace and development work through the pba the research and writing of each chapter has been guided by four objectives to assess the overall impact of the pba to generate innovative ideas for how the pba can be made more effective post 2015 to analyze the pba s role at the nexus of the un s peace and development work and to consider what would be required for the pba to increase and improve its impact in future it will be of interest to diplomats un officials the policy community and scholars engaged in the debate following the 2015 review and the implementation of its recommendations and will be an essential resource for un and peacebuilding scholars

from the un department of peacekeeping operations to the nato international staff and the european external action service international bureaucrats make decisions that

affect life and death in carrying out their functions these officials not only facilitate the work of the member states but also pursue their own distinct agendas this book analyzes how states seek to control secretariats when it comes to military operations by international organizations it introduces an innovative theoretical framework that identifies different types of control mechanisms the book presents six empirical chapters on the un nato and eu secretariats it provides new data from a unique dataset and in depth interviews it shows that member states employ a wide range of control mechanisms to reduce the potential loss of influence they frequently forfeit the gains of delegation to avoid becoming dependent on the work of secretariats yet while states invest heavily in control this book also argues that they cannot benefit from the services of secretariats and keep full control over outcomes in international organizations in their delegation and control decisions states face trade offs and have to weigh different cost categories the costs of policy administrative capacity and agency loss this book will be of interest to scholars postgraduates and officials in international organizations and national governments dealing with questions of international political economy security studies and military affairs

soul keeper is set in the year 2122 and is about saul who protects people assigned to him to prevent their premature deaths this is one such story
